EXPANDING OUR FOUNDATIONS

Cornerstone Christian School 2024 Expansion Project

Cornerstone Christian School, a small school with 145 students (1st - 12th grades) in Whatcom County, Washington, is planning for a much-needed building expansion!

The **goal** of the Cornerstone Christian School Society is “to assist parents in preparing students for a life of Christ-centered service and stewardship in God’s kingdom and His Church.”

Cornerstone Christian School began in 2002, and has been educating children living in Nooksack, Everson, Sumas, and Lynden. The families who

support the school come from a variety of backgrounds; professionals, construction workers, farmers, business owners, and teachers all work together to operate the school and its facilities. Our graduates have gone on to become teachers, nurses, fire fighters, soldiers, homemakers, and valued employees. Our gymnasium has been used for students from other schools in our community to participate in organized sports (the Northwest Basketball League, and the Northwest Volleyball League).

Our School

Our Project

Cornerstone Christian School has been a huge blessing to our families, and to the broader community. When we started this school in 2002 we had 55 students; through the years we have grown to almost 2 ½ times that amount. After calculating the number of children born in more recent years, we are expecting much growth in the near future.

Currently the facility is at capacity.

As a result our school has significant needs that require some renovations and expansion of the existing facility in order to alleviate classroom overcrowding and provide adequate rooms for our educational programs.

PHASE 1

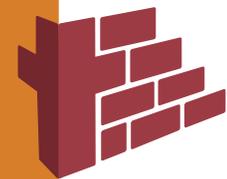

6 classroom expansion

PHASE 2

Water & city sewer connections

PHASE 3

High school bathrooms

Our Goal

Help reach our goal, brick by brick

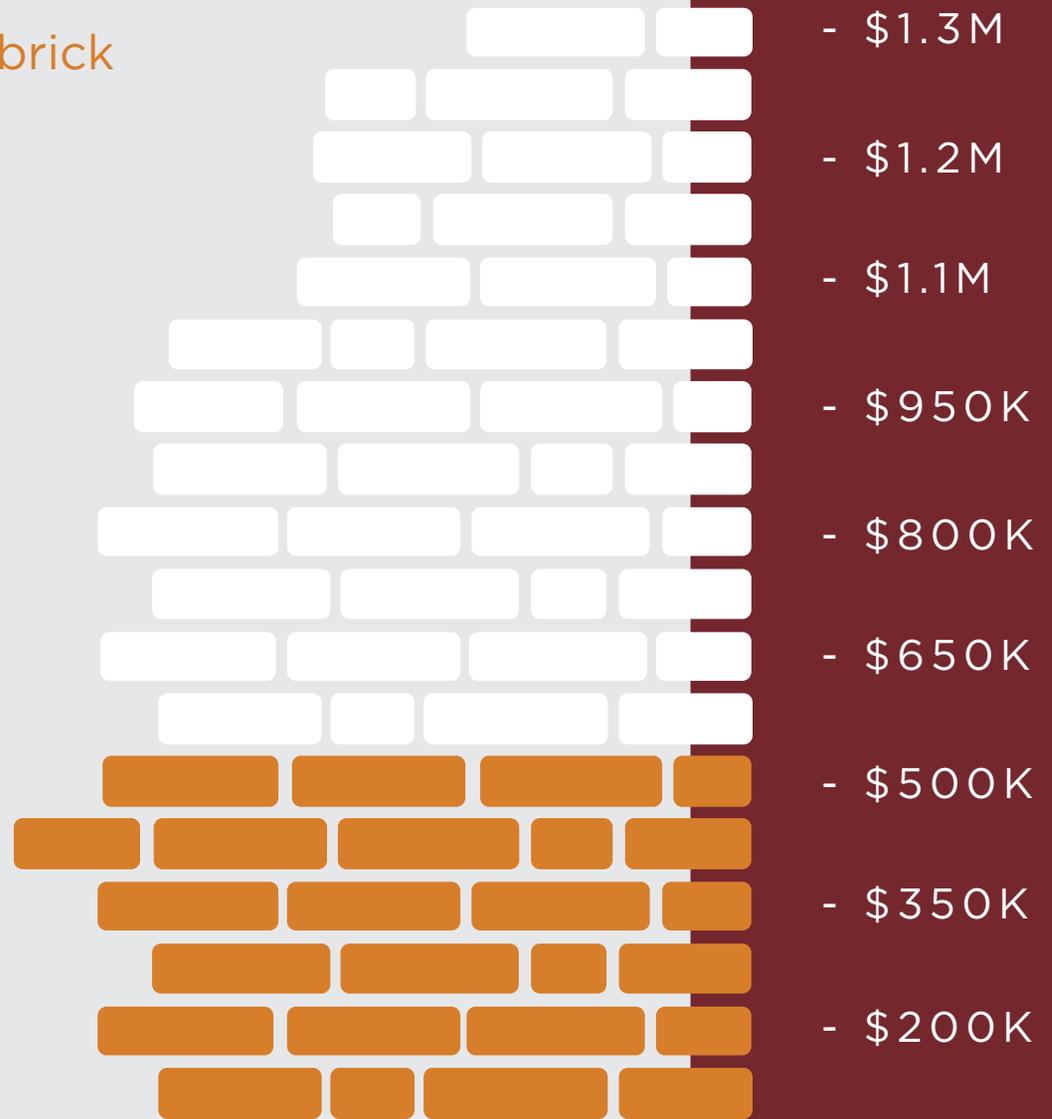

\$1.3 Million is needed for the expansion

40% has been raised

Together we can raise the rest!

\$816,000 more is needed

We are thankful for families and organizations like yours who support worthy community projects. We would appreciate it if you would consider our request for a donation to complete this school expansion project.
