## ~~ From The Office ~~

Welcome back, We hope you all had a wonderful break. This week, we have another short week with Friday being Good Friday. BUT it is a busy one!

It is Spirit Week! There are various activities going on with this that students will have opportunity to be a part of and enjoy.

On Thursday we are excited to welcome our special visitors to Grandparents' Day. It's a special morning for everyone. We love seeing all our special guests. If a child is not able to welcome their 'true' grandparents, please feel free to ask another special visitor to make your child's day! Many families have done this in the past, and it means a lot to our students to have a visitor.

Coffee ready: 10:10, Classroom visits 10:30-11:30, Lunch 11:45-12:20ish, Expansion touring 12:30-1:00.

Thursday evening we would love to see you at our Easter program. The children and directors have been working hard and we are excited to share this with you. It will begin at 7pm in the church building. Students should meet downstairs at 6:45pm in their allotted room.

Welcome back! We hope you all are refreshed and ready to take on the final stretch of school for this year. The ¾ teaching time is ready to get busy with the instruction once again, too. Remember you can reach all three of the main teachers (Mrs. Johnson, Mrs. Kleyn, Mrs. Klos) by using the email [3and4teachers@cornerstoneschool.us](mailto:3and4teachers@cornerstoneschool.us)

The last two days before we headed to spring break had a fair number of assessments. Please look for them in your child's school bag this week. As a class the students did especially well on their Bible tests. It's nice to know they are listening and engaged.

Thursday is Grandparents' Day and we are looking forward to welcoming our special guests. Feel free to invite a non-grandparent if your child's grandparents are unable to attend.

**Grade 4 Math**

Do you have arithmetic flash cards at home? If not, they're quite inexpensive on Amazon, and the benefits are fantastic. Students need to know their math facts thoroughly for greater success in their math lesson work.

Spending just 10 minutes a day with your fourth-grade child reviewing math facts—particularly subtraction, multiplication, and division—will significantly improve their performance in math.

~~ From Mr. Houweling ~~

We're on our home stretch! I hope you had a wonderful Spring Break. According to my schedule, after this week, there's 7 weeks left of this school year. For 8th grade, that means we need to start getting working on preparing ourselves for their graduation. No doubt, the girls have been busy with this since the school year started :)

Preparing a speech is like writing an essay; however, in presenting a speech we can often feel like a fish out of water! That's because it's something that we're not all that familiar with. Standing in front of an audience is nerve-racking. I've repeated frequently in class: the more often you do something, the better you get at it. Therefore, we have been focusing on impromptu speeches on Friday afternoons. On **May 8th**, we have our School Speech Competition. All grade 7/8 students will need to present their speech to the class first so that we can whittle down the winners for this year's competition.

It's such a blessing to watch the students in action as they open God's Word and discuss it on Friday mornings. See schedule below to talk to your child about the Bible passage for this Friday.

Here's the list for this week:

- **Thursday**
- Spelling unit 24
- Dictation 15
- Memory Verse
- This week: 1 John 4:7-11
- Next week: Ps 115:1 (7) Ps 88:1 (8):
- See below for Bible discussion essays and leading

### Everyday:

- Work on Speeches--Due April 25
- Math corrections and completion of lesson work
- Spelling and dictation assignment work.
- Dictation assignment work
- Daily element and symbol quizzes (Science) - Please make sure your child is spending time reviewing these!
